#### How does this respond to feedback Metro received in Phase 1 and 2?

- High frequency at traditional peak commute hours.
- Improves connections to transit hubs.
- No changes being proposed from Phase 2.

\* Frequent - The bus comes every 15 minutes or less during peak periods and every 30 minutes or less during off-peak periods.

\* Local – All-day bus service that does not meet the standard for frequent.

\* Peak-only – The bus comes only 5-9 a.m. and 3-7 p.m. These are the times of day Metro and Sound Transit sees the most riders, usually regular commuting times, Monday through Friday.
